Dedication

Ms. Mary Fregosi

Perhaps more than any other teacher, the class of 2001 owes a great debt to Mrs. Fregosi. She is the type of teacher who always pushes her students to perform at the best of their ability, and does not accept anything less from them. She has shared her knowledge, her kindness, temperance, and insight with all of us.

Mrs. Fregosi has helped us get through US History Honors, World Cultures, and World History Honors. We learned about the Greek and Roman civilizations. We did projects that displayed the 1960's and 1970's. We ate food from the middle ages. We even struggled through writing a term paper the "Fregosi way."

Through the past years she has transitioned from a seven period day, to day one and two scheduling, and now to semestering. She has taught countless numbers of students history, but more importantly she has taught us all life lessons that we will never forget. Now as she enters into her retirement, we all realize what we will be losing once she leaves.

Rutland High School will have, perhaps, lost one of it's best teachers, and one that will never be replaced. And now as the class of 2001 graduates and moves on to the next stage in our lives, we would all like to say thank you and good luck in your retirement. We will never forget you Mrs. Fregosi!

2000 Prevention Convention

Prevention Convention was a great success this year. Rutland High School was filled with students from not only RHS but many surrounding schools. The 52 workshops that were held showed alternative ways to have fun other than drugs and other forms of violence. It is held every two years during National Awareness Week.

What do you like best about GMTI?

"We get to run activities throughout the school that are fun and we get to be with our friends."
-Becky Shortle

The Green Mountain Teen Institute (GMTI) is one of RHS's largest and longest running programs. GMTI is a state wide prevention program, with Rutland being one of the largest participants. With members in grades 9-12, the program makes a huge impact! This prevention group sponsors community events each year, including a Spring Carnival. Members participate in several programs including: Big Friend/ Little Friend at Northeast and Northwest Elementary Schools, Diversion, Governors Youth Leadership Conference, several Drinking and Driving Prevention events, and in various other special projects.

The ultimate goal of GMTI is to create a safe, healthy, and fun environment for all RHS students!

V.T.L.S.P., or Vermont Teen Leadership, and S.A.D.D., or Student Against Destructive Decisions, are state wide programs whose goals are to promote a safe, healthy, and drug free life-style. Although the Rutland chapter of V.T.L.S.P. and S.A.D.D. Programs are only in its second year they are already involved on the school, state and national level.

V.T.L.S.P. and S.A.D.D. meet one to two times a week at 5:30, to discuss issues, plan events, report on assigned duties and prepare for their next activity. Students involved in this program participate in many statewide activities throughout the school year. Some of these activities include attending the Governor's Youth Leadership Conference, attending Youth Advisory Council meetings, implementing the Save Our Seniors program (S.O.S.), and testifying before the legislature on prominent teen related issues. These members also have worked hard to help with Prevention Convention, promotes cross peer-teaching activities, and fundraising for the National Student Safety Program Conference.

Co-captain: Joelle Arnold

The debate team competes in two-person teams in tournaments against other schools. They debated the following resolution all year: Resolved: That the United States federal government should significantly increase protection of privacy in the United States in one or more of the following areas: employment, medical records, consumer information, search and seizure. This year they had two teams that finished 5-5 at the prestigious Bronx Science Tournament. They won tournaments that they entered at Chelsea, Vermont, and Manchester-By-The-Sea, Massachusetts, and finished high at Lexington, Massachusetts and Hartford, Vermont. We will be finishing out this season with a trip to the Harvard tournament, the Vermont State Championship (in which they were runners up in novice and varsity last year) and hope to join Mrs. Birkenhead in moot court competition. We have also competed in Speech competitions around the state.

This year's group had a very active spring and fall semester. This fall we organized the Monarch Butterfly Watch at RHS in cooperation with Kansas State University. The club captured and provided over 75 caterpillars for our science students to raise, tag and release. They also collected grasshoppers for the Annual Locust Roast, hiked Deer Leap and Camel's Hump, and attended a VINS moose slide show in Manchester.

While this blurb is being prepared in January, 2001 we should mention that last spring we sent a team to the New England Regional Science Bowl at Brown University and our plans for this spring are to repeat the trip with two veteran competitors and two "ringers". We then helped organize Rutland City's version of Green Up Day in May.

Each year we orchestrate the RHS Science Fair to be held in February, probably our most visible project. We arrange for judges, food, awards, room prep and all the many details that ensure a great evening for 300 student scientists, their parents and the public. We also sell project display boards to the Fair participants as a fund raising event for the Club.

The remainder of the year will find us snowshoeing, canoeing, hiking and perhaps, doing a road trip before school ends. Everyone is invited to join the club, or just come along for select events. Listen to the announcements!

Students take a moment to smile while at the science fair.

Welcome to Encore Theater where you find a never ending supply of energy and creativity. We started our fun-filled year with the play Antigone which brought our players back in time, when Zeus and Hera reigned. With a busier spring season we packed in the one act play Dancing Solo, the musical The Pajama Game, hosted the Yankee festival, and took the one act play to compete in an internationally known thespian festival ending the year with a bang. Thank you to all of our loyal supporters, we love you guys!!!

The National Honor Society is a special club that accepts applications from students with a ninety or above unweighted GPA. These students are judged based on their qualities of leadership, character, service, and scholarship. Those who are accepted are then inducted at the end of their junior year. A student may also apply in the middle of their senior year. Once the club is formed, meetings are held every other week. Often in these meetings guest speakers from the community are invited to come and share their experiences with the group. It is also important to keep a regular attendance or else membership may be revoked. Aside from meetings, the NHS also organizes community activities. These include caroling at a local nursing home and holding a Winter Solstice Party at the Boys and Girls Club.

JETS stands for Junior Engineers Technical Society. This is an activity that is open to any student in grade 9-12 who is interested in math and science, and in learning about and possibly pursuing a career in a technical field. Contrary to popular belief, engineers are not just people who drive trains. One of our goals in JETS is to familiarize interested students with various branches of engineering and careers open to them, and to look at various aspects of a technical career. We do many varied activities during the year which help us meet our goal. We do mini projects in the classroom setting and take part in more extensive design projects sponsored by UVM, Norwich, and VTC.

What did you do last summer? Did you spend a week in a state government? Five boys and eight girls from Rutland High School did.

The programs consisted of week-long camps in which 200 High School Seniors simulated a mock government at state and town levels. "Citizens" of both programs ran for various offices at these levels. Rutland citizens held many positions in their towns as well as being Senators and Representatives.

There were a number of fun activities that occurred during the week. Recreation time was scheduled during everyday, including various sports and swimming. A barbecue was held the second to last day of the week, when Boys and Girls state came together. It was quite a wild afternoon. The most popular activity of the day was a game of Jilted Lover

Laura Daley, editor of this year's yearbook

This year's publications class had a lot of fun putting together the 2001 yearbook. Many students started the year off by attending the yearbook

conference at the Holiday Inn to learn about different yearbook styles and get new ideas for our own yearbook. We learned how to use pagemaker to create yearbook pages. Everyone took pictures of

different activities around school in order to meet all of the rigorous deadlines, and requirements, yet we managed to complete everything on time. We had a great year!

The Red & White

As the coolest organization at RHS, The Red and White had a lot of work to do to keep up to date with the news at RHS. They had a small group of only seven students during the first semester, but they were so hardworking that they always got their work done and

were still able to have fun! Although folding days were not always looked forward to by the class members, everyone's folding technique improved throughout the year. Not only that, but everyone's writing technique also improved as we learned the ropes

from Mr. Tuerk. The *Red and White* continues to change with the times to make the paper the best it can be. Great things will continue to come from The *Red and White*, after all it is the coolest organization at RHS.

Art Club is an opportunity for the creative minded to work on a variety of projects, both two and three dimensional. Students can develop a concept on their own or work in a group. It's open to all in a loosely structured manner to fit individuals needs. One of the many projects the members of Art Club created was a float for Rutland's annual Halloween Parade.

Tri-M is a national music honor society; members are selected based on GPA, character, and musical abilities.

Student Council

Student Council consists of five representatives from each class, elected by their peers. Student Council promotes the involvement of students in the school and the community. The members of student council meet every other even Wednesday and every other Tuesday night. This past year members of Student Council have organized the mock presidential election, bowling with the unified sports program, Spirit Week, the bonfire, and other fundraisers. They also address concerns students and teachers have and help to encourage students opinions with major decisions made in our school.

The Rutland High School band had the opportunity to play on an outdoor stage at President George W. Bush's inauguration. This dream come true weekend lasted from January 18 - January 22. This opportunity of a lifetime has been a very special occasion in RHS band history. Every single member of the band should be very proud of their hardwork and wonderful performance. Congratulations!

January 22, 2001

This morning we got our picture taken with Senator Jeffords and had a reception in his conference room. We had a mock trial. It was neat to be somewhere where visitors are not usually allowed to go. Even though our uniforms are dorky I felt kind of proud to be in it.

January 20, 2001

Well, today's the day of reckoning. After waking up at 4 a.m. and going through tons of security checks it was about time to pack up and do our performance. But there was one problem it was raining and it was cold as well. Although we played well, we only attracted my family and Andy Cunningham's parents. (Stupid mother nature) We didn't even stay for much of the parade because it was cold. We only saw the president's limo, the vice president's limo, the United States Marching Band and the Texas University (Longhorns) Marching Band.

-Daniel

And the band played on.

A final toast to a fantastic and unforgettable weekend, Cheers!

“...and you gotta let it go.”

s always, the 2000 cross-country team had a great season. In addition to having fun while running, everyone on the team had the satisfaction of beating personal goals while forming new friendships within the team. The day of the state meet at Thetford was freezing cold and snowing, but the RHS runners heated things up when they ran. Kathleen Sanborn, a mere freshman, was the only RHS runner who qualified for the New England team. This meant two more weeks of practice for Kathleen, but I'm sure she will tell you it was worth it. As coach Greg McCallen would say, "She is just an outstanding runner!" But Kathleen wasn't the only "outstanding runner" on the team. The whole team had the opportunity to improve throughout the year, and came out of the season better runners. We look forward to a great season next fall.

Girls Soccer

T

he Girl's Varsity Soccer team had a great season this year. They had some long fought battles against top rated teams. With three games a week, the girls ended with a great record. They were a team on and off the field by helping little children play soccer and climbing to the top of Pico on their day off. The playoff game will be a memorable experience for everyone, especially the seniors. Good luck to the seniors with their endeavors after high school.

Il three boys soccer teams had successful seasons this year. The Varsity team were Marble Valley League Champions for the first time in history. They hosted South Burlington at home in the quarterfinal playoff game for the first time in Raider history. Unfortunately they lost in their semi-final game against Mount Mansfield, which went into a fourth overtime to determine a winner. The Red Boys team had an eleven and three record. So good luck to all the teams next year.

Field Hockey

V

arsity Field Hockey at Rutland High has never been more intense since 1997. The girls obtained strong cohesiveness throughout the year and never gave up no matter whether they won or lost. With 7 seniors leading the pack, including captains Shibevhana and Christie, the team held their heads high. Coach Sanders believed in and supported her players until the very end. A 2000 championship was the team's goal and they strived and worked to achieve it every day. The team had a good year because, not only did they always have confidence and trust in one another, but also everyone got along and loved to joke. A lot of the laughing tears are owed to the team clown, senior Becky Shortle. Her hysterical humor will be missed among the team members along with every other senior. Each player was looked up to, and the companionship they offered will never be forgotten.

Tri-Captains
JVA (Above)

Both the cheerleading squads have worked very hard this fall season. The coaches, Cara Austin and Tracie Savage, worked hard as well, if not harder. The teams have cheered for not only football games, but boys and girls soccer, and even field hockey. This is the first fall season that there have been enough people interested to form a junior varsity team. This was also the first season that Rutland has had a guy on the squad. Both teams competed in the local competition held at Rutland this year. The squads each placed second in this event. We all had so much fun, and we hope to keep the chain growing. Nice job cheerleaders! Keep up the spirit!

The cheerleaders had an awesome season, having two boys instead of one. Their coach put together a great dance routine that blew everyone out of the water. Geoff Wilson, a newcomer, made everyone stop in their tracks to watch. Lema Carter unfortunately was unable to participate this season because of injuries. Both J.V. and Varsity competed at a competition held at Essex High School. J.V. took 2nd place and the varsity walked away with 1st! They worked hard all season long to make it that far. Then the following weekend there was a competition held at Saint Mike's College where the girls took 2nd place. The team worked hard and really deserves a lot of recognition. The cheerleaders of Rutland High School can't wait to go back for more. Maybe even take 1st place at Saint Mike's next year?!? Great job girls!!! You know you can do it! It's a ho' wide world out there, remember it's just a girl's game!

Football

T

he Rutland Raiders had an exceptional season this year. Their 10-1 season was a complete turn around from the 2-7 mark they posted during the '99 season. The season ended with a state championship, the Raider's third in five years. The only loss that Rutland suffered this year came at the hands of B.C. High, a tough game played in Boston, Massachusetts. This year's senior tri-captains, Pat Hackett, Anthony Purdy and Dan Riter kept the team strong under the guidance of a great coaching staff headed by Mike Norman and assisted by Micky Caliguiri and Ron Sabataso. With several key players returning next year, and a solid group of young players coming up, the Raiders should be in good position to have the same success next year.

he Cross Country Ski team this year had a great season. The girls team improved tremendously and the boys team have two freshmen boys, Marc Vanderhoof and Pat Maher, who have been a great asset. These young men usually finish right after RHS' top skier Dun Cochrane, in competition. The boys also participated in the Eastern Qualifying Races. Dun Cochrane won both of these races. Sara Vanderhoof is the only senior who will be leaving the team, so RHS' ski team has a wonderful future ahead of themselves.

Ice Hockey

T

he Raider icemen had a very successful year under co-coaches Glenn Olson and Jeff Johnson. This year the hockey team came together to record a regular season record of 14-6, which included winning the Van Gerbig Tournament. The Raiders were led by seniors, Adam Boynton, Pat Hackett, Brendan Lawes, Andy Notte, and Phil Hoban. Co Captain Sean Hurley led the young defensive corps, and the Raiders were very deep on the forward line. The icemen were also very lucky this year as Henri Nuttinen, a Finnish exchange student, joined the team. This year's team had its ups and downs, but finally came together at the end of the year, going into the playoffs with a lot of momentum.

fter years of school board meetings, Rutland High School is finally the home of a Varsity Snowboard Team. Even with such a young team, these Rutland athletes never cease to amaze the community by winning event after event. In their first year (as a club) the team placed second in the state meet, and this year Coach Cheryl Fuller is confident that her team will "Take home first." With such a strong group of riders, this goal is well within reach.

Freshmen

With the increasing number of incoming

freshmen each year, this year's class is by far the largest. The freshmen class is subdivided into 3 different teams to allow students to get to know one another. At first the transition between schools seems to be a big change, however students quickly adapt and feel at ease here at...

Rutland High School.

Sophomores

It's hard to believe, but we have completed half of our high school journey. Hopefully, we've become more successful and wise within the past two years. It is now time to begin planning our future. The next two years will be crucial in determining the paths we may choose to take. But let's just enjoy the limited time we have left here at Rutland High School.

Juniors

Having three years of high school under our belts, the Junior class is more than ready to take its place at the top. Looking back on the experience we have had thus far, most of us could agree that we've made many irreplaceable memories that we will treasure throughout our lives, continuing with many more memories to come such as the much anticipated Junior Prom. As Juniors we appreciate the great times with our friends and classmates. However the time seems to be going by all too fast. So let's enjoy our limited time together and have one more amazing year. Before we know it, it will all be memories.

BODY ART

Growing trends among teenagers today are tatoos and piercings. These fads help one to express their individuality and desire to be unique. They also pave the way for an ongoing journey to find one's true identity. Piercings can range from something as simple as an earring, to something as drastic as having multiple piercings all over one's body. Yet, a more elaborate and permanent way to set oneself beyond the crowd, is to get a tatoos. Although tatoos may be painful and more expensive than piercings, they are original. One can design their own tatoos to emphasize their personality or to boast about what they admire or cherish. These trends are becoming ever more beautiful and stylish. The population of teenagers with tatoos or piercings is growing year by year, while those without any body decoration are getting harder to find.

"I SAW YOU WITH A TICKET STUB IN YOUR HAND"

When asked why they attend concerts

Students are attending concerts more and more, whether it is to see their favorite band or to join in the excitement of the event. It is an inviting change from little old Rutland and a chance for the willing to do something different. Concerts offer an escape from teenage angst and boredom and when surrounded by thousands of friends, there is little else that will suffice. It is also an opportunity to express one's self in his true element, because everyone is there for the same purpose; to have a good time. Concerts take place anywhere and everywhere. People travel all over to see their favorite bands, but you can also find many at local shows such as Reggae Fest. Even world records can prosper from concerts. During the Phish show in Oswego, New York, the crowd performed a dance (the meatstick), which made it into The Guinness Book of World Records. The reason it gained a small place in the book is simple: it was the largest amount of people doing the same dance at one time! So, if you are ever tired of the grind and boredom, take a break and catch a show. You are sure to remember it for a lifetime.

Raider Spirit

As usual, Rutland High School students were filled with spirit this fall season. This was proved by a spirit week in the middle of October, where halls were decorated by those who were interested.

Tuesday morning, RHS students returned to school to find the halls decorated with red and white streamers, Christmas lights, signs, and a royal carpet leading seniors into the school's hallways.

Overall, in the contest of best decorations, the Junior Class took home first prize, however the Senior, Sophomore and Freshmen classes were disqualified for using duct tape and painting on the lockers. The

seniors came back with vengeance and took first prize overall. Spirit week included Pajama Day, Hat Day, Tie Dye Day, Dress-up Day, and Red and White day.

So I may not have been the most active, smartest, or funniest person in my class. But I was as active as I could be at 8:00 in the morning, the smartest I could be in my school work, and even though much of my humor was not appreciated I was as funny as I could get away with. Maybe you should wish me good luck.

A Night In Heaven...

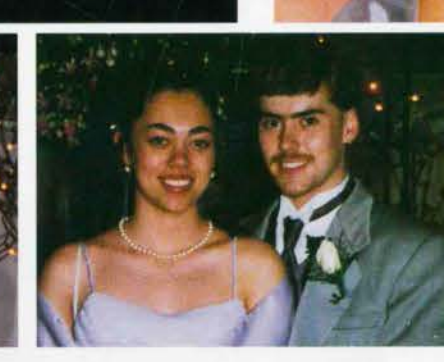

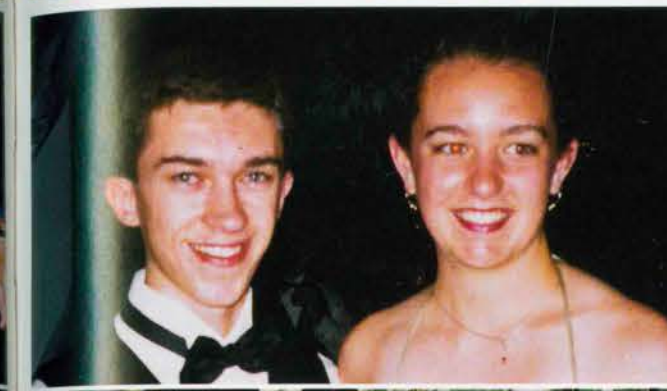

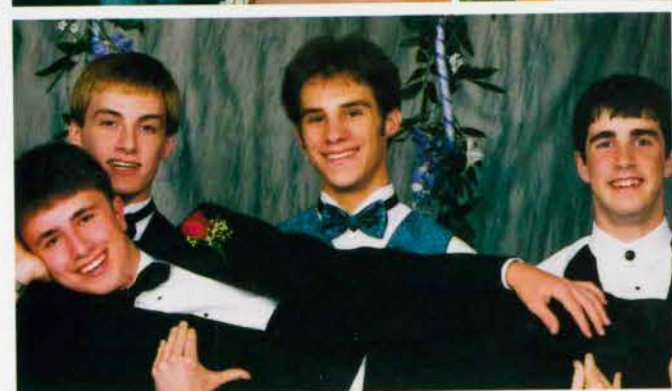

Starting Friday May 5, 2000 a number of students and parents began decorating for *A Night In Heaven*. Countless numbers of hours were spent decorating and planning for the prom. On May 6, 2000 Rutland High held the prom for the class of 2001. *A Night In Heaven* was located in the gym and decorated to an extent that made it hard to imagine students ever partaking in physical education classes. The prom was complete with cascading fountains, an intricate trellis, and our very own

"stairway to heaven." With a majority of the class attending, it was truly a night to remember. The court for the prom was made up a diverse group of people as follows: Josh Lind, Jen Loso, Melanie Hanson, Scott Kaufman, Anders Colburn, Onecia Perez, Jessie Hammond, Skye Lee, Kristy Hamilton, and Adam Yoder. The King was Andy Notte, and our Queen was Sarah Vanderhoof. Everyone that attended the prom enjoyed the evening immensely.

Your future's getting clearer, clearer ...

We see a rewarding career in health care!

You don't need a crystal ball to know that lots of decisions will be coming your way after graduation. Choosing a career will be just one of them. When you're thinking about furthering your education and choosing a line of work, think health care. If you enjoy caring for others in a fast-paced, high-tech environment, health care will offer you a lifetime of exciting career opportunities. Remember, when it comes to your career, there's always a future in health care.

Danielle Hendee

First, we are VERY proud of all you have achieved. You have handled both your triumphs and sorrow with such class. You have grown into such an amazing young woman. You are the perfect example of what every parent dreams their daughter will grow up to be. We would not ask for any more and there is nothing we would change about you.

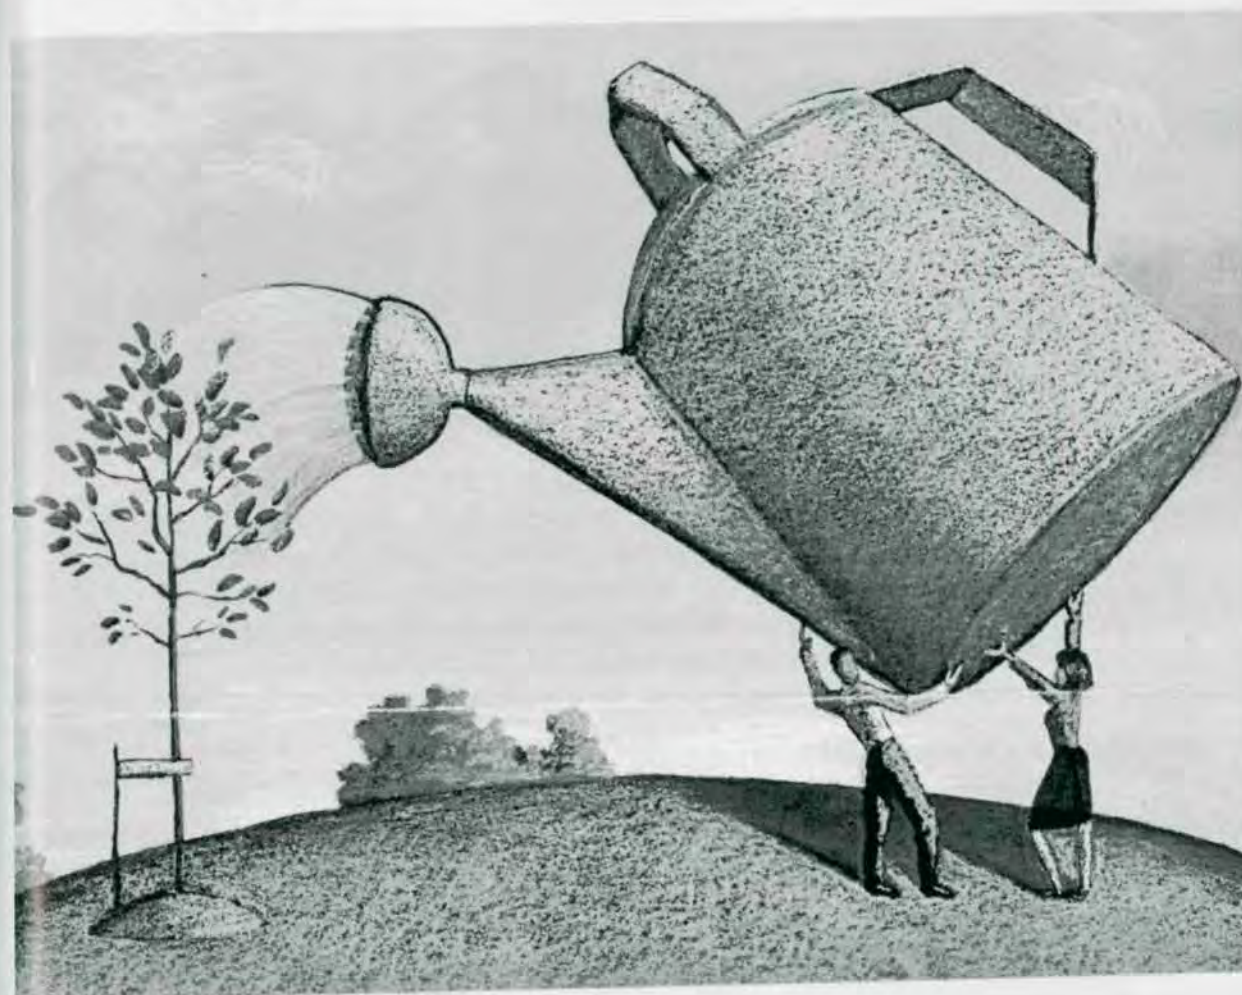

We respect your determination, focus, work ethic, and reliability. We also admire you being a person of your work and your independence--especially the way you are not afraid to stand on your own.

We have confidence in your ability to make the right choices in life, but we will ALWAYS be there for you if you need us. You have given us great joy and fulfillment in our lives. Just remember that we LOVE YOU very much. ENJOY LIFE, but always remember that your tomorrow will be determined by the choices you make today..

From Mom: I am going to miss you VERY much. Nights will not be the same without our talks and hugs. You are not just my daughter. You are my best friend.

On the other side of the door
I can be a different me,
As smart and as brave and as funny or strong
As a person could want to be,
There's nothing too hard for me to do,
There's no place I can't explore
Because everything can happen on the other side of the door.

On the other side of the door
I don't have to go alone
If you come, too, we can sail tall ships
And fly where the wind has flown
And wherever we go, it is almost sure
We'll find what we're looking for
Because everything can happen
On the other side of the door

Jodi—We grow great by dreams. All big men are dreamers. They see the things in the soft haze of a spring day or in the red fire of a long winter's evening. Some of us let those dreams die, but others nourish and protect them, nurse them through bad days till they bring them to the sunshine and light which comes always to those who sincerely hope that their dreams will come true. Jodi, hitch your wagon to a star and make your dreams come true.
